

ABBOT'S PASSAGE

Abbot's Passage is a project from sixth-generation vintner Katie Bundschu with a focus on crafting organically grown, Rhone inspired wines to honor the untold stories of the Bundschu women who came before her. Our mission is to partner with family-owned farmers and other local, female-owned businesses to bring stories, wine, and people together.

2023 LUPINE ESTATE ROSE SONOMA VALLEY

THE NAME Lupine flowers are native, perennial plants that grow abundantly across Northern California. Lupines were once thought to steal nutrients from the soil—hence their genus name, *Lupinus*, which is Latin for “wolf.” However, once lupines were studied, they were found to be in the pea family and act as nitrogen-fixers which actually improve soil health. And what better way to honor our first Regenerative Organic Certified wine, and the complex legacy of the empowered Bundschu women, than a flower like this.

BLEND 100% Zinfandel

VINEYARD DESIGNATION Rancho Agua Caliente, Sonoma Valley, Sonoma County

WINE NOTES Sourced from our estate zinfandel vines planted in 1940, this wine embodies a complexity of character befitting its age. Aromas of citrus zest and fresh baked financier excite the nose while notes of orange rind, grapefruit and raspberry make for a bright and lively approachable sipper. This wine begs for brunch! Enjoy alongside a seasonal farm fresh quiche, or a warm pomegranate and goat cheese salad.

ALCOHOL 13%

SUSTAINABILITY CCOF and Regenerative Organic Certified

FOR ALL THAT I HAVE LOVED
& ALL THAT I HAVE NOT SEEN
